

Tanzania, the Democratic Republic of the Congo, Rwanda

There comes a time when we heed a certain call
When the world must come together as one
There are people dying
Oh, and it's time to lend a hand to life
The greatest gift of all
We can't go on pretending day by day
That someone, somehow will soon make a change
We're all a part of God's great big family
And the truth - you know love is all we need

**We are the world
We help the children
We are the ones who make a brighter day
So let's start giving
There's a chance they're taking
They're risking their own lives
It's true we'll make a brighter day
Just you and me**

**We'll trek in line through Tanzania, Rwanda
The Democratic Republic of the Congo
Where people are dying
Where the Grans and SLF help save lives
Health is vital, you know
Most tragically HIV and AIDs still grow
Further complicated by that COVID
We read headlines about people dying there
And it shows how deep the need really is**

**They are the Grans
They help everyone**

They always try to make a brighter day
We're always giving
Hopeful that we're helping
The well-being of lives
It's true we'll make a brighter day
Grans and SLF

"to eradicate AIDS by 2030, we need to end violence against women and ensure that women and girls have equal access to education, health and employment."
